## State of New Hampshire

To the Inhabitants of the Town of Hillsborough,  
County of Hillsborough, in said State, qualified  
to vote in town affairs:

You are hereby notified to meet in Childs' Opera  
House in said town on Tuesday, the Fourteenth day  
of March next, at nine of the clock in the forenoon, to  
act on the following subjects:

Article 1. To choose one Selectman for three  
years, Town Treasurer, Tax Collector, Highway Agent,  
Town Clerk and Chief of Police for one year, Trustee  
of the Fuller Public Library for two years, Trustee of  
Trust Funds for three years and all other necessary  
town officers or agents for the ensuing year.

Article 2. To hear the reports of the town offi-  
cers to the auditors, the reports of the auditors,  
agents, committees or other town officers heretofore  
chosen or appointed and to pass any vote relating  
thereto.

Article 3. To raise such sums of money as may  
be necessary for town officers' salaries, town officers'  
expenses, Community Building, appropriations for  
street lights and all current expenses of the town and  
such amounts as may be necessary to apply upon the  
principal and interest of the town debt.

Article 4. To raise such sums of money as may be necessary for the building and repairing of highways, bridges and culverts.

Article 5. To see if the town will vote to raise and appropriate the sum of \$100 for Memorial Day purposes.

Article 6. To see if the town will vote to accept State Aid for the permanent improvement of highways.

Article 7. To see if the town will vote to raise and appropriate the sum of \$500 to be applied upon the salary of the District Nurse

Article 8. To see if the town will vote to instruct and empower the Selectmen to borrow such sums of money as may be necessary to meet current expenses of the town and in anticipation of taxes.

Article 9. To see if the town will vote to raise and appropriate the sum of \$300.00 for the support of band concerts for the coming season.

Article 10. To see if the town will vote to raise and appropriate the sum of \$174 00 for the issuance and distribution of printed matter calling attention to the resources and natural advantages of the town, in co-operation with other towns in the Dartmouth-Lake Sunapee Region, said appropriation to be disbursed by the selectmen.

Article 11. To see if the town will raise and appropriate the sum of \$400.00 for the purpose of co-operating with the State and Federal governments in the control of the White Pine Blister Rust or act in relation thereto.

Article 12. To transact any other business that may legally come before said meeting.

Given under our hands this twenty-seventh day of February in the year of our Lord nineteen hundred and thirty-nine.

## HILLSBORO BANDSTAND FUND REPORT

---

In 1936 a fund was started for a new bandstand suitable for the town of Hillsboro. In 1937 and 1938 contributions brought the total amount including interest to \$48.46. This amount has been turned over to Frank Glading who was responsible for the construction of the Bandstand, to help defray the expense of material used.

I wish to publicly thank the following persons who very kindly assisted me in raising this fund by their voluntary contribution upon presentation of the petition:

The following pupils achieved the distinction of perfect attendance without being tardy for the school year 1937-1938. We hereby award an honorable mention to the children and their parents.

Center School: Robert Edwards.

Merrill School: None reported.

Flat School: Elaine M. Dennis.

Lower Village: Ruth Davis, Louise B. Sweeney.

Upper Village: None reported.

A number of pupils in all the schools had perfect attendance for one or more terms. Only the ones who had perfect attendance for the entire year are mentioned in this report.

The following pupils were graduated from the town schools in June, 1938: Leon Bumford, Ruth Davis; Elaine Dennis; Mary Devoy; Myrta Hilton; Sefa Hilton; Erwin Holdner; Norma Holdner; Alden Rowe; Walter Senecal; Lewis White.

## General Discussion

The five town schools opened in September with a total enrolment of eighty-eight pupils. Thirty-one pupils from the town district attend Hilsboro high school, making a total school population of one hundred nineteen.

The policy of maintaining uniformity in textbooks in the five schools has been kept up. Since last fall a more modern course in English grammar and composition has been introduced in the schools, and more material in literature has been added. The Superintendent has paid particular attention to the boys and girls of the eighth grade in the different schools by giving the children tests to find out their weaknesses and advise the teachers regarding the children's needs, to enable the children to make the grade in June, and be better prepared to do high school work next year.

Frequent teachers' meetings have been called by the Superintendent to talk over school problems and find solutions. The teachers are contributing their best services. And the School Board are doing all they can to provide elementary and secondary education within the limits set by the state and the school district.

Respectfully submitted,  
VINCENT GATTO,  
Supt. of Schools.

We estimate the required amount for the school year July 1, 1939 to June 30, 1940 to be \$30,580.00, details of amount to be found in the Proposed Budget of the Hillsboro Special School District. We expect receipts of about \$4,350.00.

This leaves the sum of \$26,230.00 to be raised by taxation.

In making the Budget for next year the Board has been governed by general business conditions and does not feel that expenditures, which could be dispensed with, should be recommended at this time. The Board wishes to thank Mrs. George Colby for the gift of a piano for the Elementary School, also Dr. H. C. Baldwin for his continued interest in the High School Band.

We wish to express our gratitude to the Superintendent and members of the teaching staff for their hearty cooperation during the past year.

Respectfully submitted,

### General Discussion

The weather conditions this year have interfered materially with the schools. The time which has been lost

makes it necessary for everyone concerned to be punctual and faithful on the job in order to do the required amount of school work.

We encourage our pupils to engage in extra curricular activities especially in those which have to do with health. However any boy or girl is out of place, out of step and out of tune if he or she attends school just to take part in the social life of the school. People must still work and study to acquire an education. The school cannot give an education like parents give children suits of clothes. Self activity is the watchword in the educative process. There is not sufficient time in school according to our present scheme of things for children to do all their studying. Parents as well as teachers should expect children to do a certain amount of home work to make them develop ability, and build a foundation for the work required in higher institutions of learning away from home. The home and the school should have sufficient honesty of purpose on behalf of the children to insist on work well done. The home and the school should face the truth about children's ability to do school work, and should advise children accordingly. The home should receive an honest amount of service from the school. The school should receive the cooperation and confidence of the home. Both should strive to put first things first.

Our elementary school program furnishes instruction in fundamentals, and a sufficient amount of instruction in music, drawing, physical activities and extra curricular interests. Our teaching force in the grades is adequate. The high school offering is broad enough for the size and resources of the town, for we offer academic, home economics, commercial, manual arts, and general courses. Our present high school staff is adequate as judged by New Hampshire standards. Notwithstanding the fact that we have a most versatile staff in the high school there is considerable specialization in secondary school subjects. We cannot expect a high school teacher to be an expert in mathematics and foreign languages, or in home economics, chemistry and biology at the same time. The addition of an academic teacher would strengthen the high school. We should not be so much interested in expanding our present high school offering, as we should be in strengthening the already existing pro-

gram. After all no one is in a position to prescribe courses which present school boys and girls will need to make use of ten years from now. If we teach the fundamentals, citizenship, habits of industry, and develop the power to think, children will be able to adjust and readjust themselves to the conditions of an ever changing world.

The greatest effort which the schools have made this year in behalf of the children from the first to the twelfth grade has been a thorough testing program, both as regards intelligence and achievement. We are doing our best to give the children those things which they need to enable them to make the grade in June, and to build up a foundation for the more advanced work ahead of them.

Every employee has cooperated with the School Board in its effort to provide educational opportunity within the limits set by the state and the school district.

Respectfully submitted

VINCENT GATTO,  
Supt. of Schools.

**Help Prevent Forest  
Fires**

## BE A GOOD CITIZEN— HELP PREVENT FOREST FIRES

---

The hurricane of September, 1938, left behind it some very serious fire problems. If we are to be successful in keeping the number of local fires to a minimum and if we are to prevent serious losses from fires that do occur, the cooperation of every citizen in this town is essential.

Local citizens can contribute materially by complying with the following suggestions:

1. Do not burn brush or any other debris once the snow has left the ground without first securing a permit from the forest fire warden. The forest laws of the State of New Hampshire require this.

2. Do not drop or throw from any vehicle any lighted match, cigar, cigarette, live ashes or any other substance liable to cause a fire.

3. Notify the warden promptly of any fires you see. Please read carefully the following excerpts from the provisions of the forest laws of the State:

**Paragraph 34, Section B:**—No person shall kindle or cause to be kindled any fire or shall burn or cause to be burned any material in or near woodland, pasture, brush, sprout, waste or cut-over land or where the fire may be communicated to such land, **except when the ground is covered with snow**, without first obtaining a written permit from the forest fire warden of the town where the burning is to be done.

**Section 35:**—Any person, by himself or agent, kindling or causing to be kindled, any fire without permission of the forest fire warden when such permit is required . . . and also any person by whose negligence or the negligence of his agents, any fire shall be caused, shall be liable in a civil action for the payment to the town of the

expenses incurred by the forest fire warden or deputy warden in attending or extinguishing such fires.

**Section 35 A:**—No person shall drop or throw from any vehicle while the same is upon a public highway . . . or drop, throw, or otherwise deposit on or near woodlands as just defined, except as permitted by law, any lighted match, cigar, cigarette, live ashes or any other substance liable to cause a fire.

### **PENALTIES:**

Whoever causes or kindles a fire by any means, wilfully or in a careless manner, which shall endanger woodland as described in 34 B, shall be fined not more than \$500.00 or imprisoned not more than one year, or both.

Whoever is found guilty of violating a provision of Section 35 A shall be fined not more than \$25.00.

### **DAMAGES: Section 38**

Any person who shall set fire on any land that shall run upon the land of any other person, shall pay to the owner all damages done by such fire.

The cooperation of every citizen of this town is earnestly solicited. You can assist materially by complying with the requirements of the forest laws; by burning whatever brush or debris you may desire, **before the snow leaves the ground** and quickly calling the attention of the fire warden or his deputy to the existence of any forest fire you may discover.

Your cooperation will lighten the burden of the warden and his deputies and assist materially in preventing and keeping our fire losses to a minimum.
